

Uniform & Equipage List For The Citizens Guard

Introduction:

Welcome to our Uniform and Equipage list! This is current as of **February 29th, 2014**.

This document is a functional list of high quality product suggestions. This list was based on criteria such as the authenticity of the product, the products relevancy a to Citizens Guard impression from militia to veteran status, the delivery time of each product, and the cost of the product. As a general rule, this list does not represent every authentic merchant currently in operation, and we will continue to update our list as more information becomes available. Our intention is to state that the **Citizens Guard** feels confident recommending these merchants as of the date of this list. As of the date of this publication, we believe the merchants listed below strive for exact replication of the original articles.

Uniform & equipment standards for all **Citizens Guard** members can be found in our [Authenticity Guide](#).
